Y4Ess Daisy & Kiah **Y5** Elmo & Evie

Leigh Ashley **CaterLink**

Miss Essery

Absent: **Y6** Ethan & Sasha

Today we met Leigh from CaterLink. He told us that he has been a chef for 10 years!

Leigh asked us for our views about school dinners. We told him that chicken and plain pizza are popular, we like sausages and mash and roast dinners. One School Councillor told us that he used to enjoy spaghetti bolognaise but he decided to become packed lunch so that he could sit next to his friends. We reminded the children that packed lunches and school dinners can now sit together.

Leigh told us that he wants to make sure that everything relating to school dinners is communicated to us properly. He told us that we have set meals and that we are allowed to have additional bread and salad! Leigh also told us that the vegetarian option is available to non-vegetarians and this will be implemented today. We also feel that we are being given bigger portions.

Leigh asked us how we feel about the plate that we see while we are waiting in the line for lunch. He told us that this plate is so you can see what you are getting before you get to the counter and this is also so that you can see what portion size you are supposed to be getting.

*Leigh said that he would like to implement a picnic day and a baguette day during the summer terms. He reminded us that there will be **no more** smoothies and jelly because they contain too much sugar.*

Leigh showed us the 'Two Stars One Wish' form and we had a discussion about what we would like on our menu.

We considered fruit platters instead of fruit salads (Leigh promised us he would make a swan out of an apple today!). The children feel that Holy Trinity seem to prefer pieces of fish rather than things like fish pie.

Today, we agreed with Leigh that we will have:

- *A bigger variety of salad on the salad bar.*
- *Lemon with our fish.*
- *Kedgeree.*
- *More bread and salads.*
- *Build your own Roald Dahl burger day menu.*
- *A hydration station (water station).*

These changes will be implemented next term. Thank you Leigh.
